Protective Covenants – Updated with Builders Price Index – May 2019

1. Vision

- 1.1. The Developer of Covent Gardens has a very clear vision as to what he would like to see as far as residential development at Covent Gardens. This set of Covenants has been put in place not to hinder property owners but to enhance the residential area and protect those residents living within Covent Gardens. The Developer will develop a very tasteful and up-market residential area which will be of an English feel but of a modern design. To achieve this, some building material will not be allowed and many lots have been designated for two storey homes only. Further definitions are outlined in this document.

2. Architectural Committee

- 2.1. An Architectural Committee has been established. This Committee is selected by DeLuxe Property Group Ltd or its nominee. The Committee will be responsible for viewing all plans before approval is granted by the Developer. A special Internet Website has been set up so that potential property owners are able to view the styles of housing which will be encouraged within this residential area. This website can be found at www.deluxepropertygroup.co.nz

3. Approval Process

- 3.1. In order to achieve all objectives within this document a Land Covenant will be registered against each title within the subdivision. It will contain all covenants as outlined within this document. This covenant will remain with each title no matter how many times the title may change hands.

- 3.4. The floor area of each dwelling must be a minimum of 150 square meters excluding garaging.
